The Chrysler 300 Legacy

The Chrysler 300 was a milestone car in automotive history and the legend lives on today, nearly seventy years after it was first introduced in 1955.

The Chrysler 300 Club International, Inc. began in July 1970 in Holly, Michigan, to recognize the Letter Series Chrysler 300s built from 1955 through 1965

The legacy of Chrysler 300 automobiles continues to grow. Especially for enthusiasts, this calendar chronicles examples of Letter Cars and their owners.

Racing is in the 300's DNA. To the right are a collection of Chrysler 300s in action.
